Are you interested in taking a part in tackling important issues affecting your local area? The Neighbourhood Watch (NHW) website, www.ourwatch.org.uk gives lots of advice on the initiative and while, of course, part of its purpose is to help prevent crime, it is also about supporting communities and tackling issues that impact on the community.

OurWatch describes the scheme as *“Neighbourhood Watch schemes can make a real, long-lasting difference to communities: increasing cohesion and connectedness; helping to prevent crime; increasing neighbourliness and community wellbeing; supporting vulnerable people and increasing the voice of the community with councils, the police and other organisations.”*

As a member or Co-ordinator of a NHW Team you can work with the Police; the Local Policing Team Beat Managers and Engagement Officer for your area will share crime prevention advice and you can be involved in Police drop-in Surgeries where you can discuss and advise on local concerns. There is no hard and fast rule of how schemes should be managed or run and the OurWatch website provides lots of information on getting started and suggestions on how to manage your team. Visit the website or contact me for more information or if you are a Co-ordinator and would like to receive updates from Police.
